Dear FSE Families,

We had the opportunity to come together as a school community today for our virtual **Remembrance Day Assembly** to remember all those who have fought and died in the line of duty for the freedoms we all enjoy every day. Our heartfelt gratitude goes to those who have served and continue to serve. We remember.

Our **Hallway of Peace** created by students and staff from Fort Saskatchewan Christian School & Fort Saskatchewan Elementary School

A huge **thank you** to our families who purchased books during our virtual Book Fair in October. We sold 33 books which will help us purchase books for our library collection.

Our appreciation goes out to all those who generously donated to our **FSE Food Drive** in October as well. Items have been picked up and weighed. We collected a \$5.00 cash donation as well as 251 pounds of food. Way to go, FSE!

PowerSchool Student Portal Login Credential Update: After early dismissal on the afternoon of November 3, Elk Island Public Schools (EIPS) updated the student log in process for the [PowerSchool Student Portal](#). Students will now use their EIPS credentials to login to the PowerSchool Student Portal or the PowerSchool mobile app. Student access to the portal and app may be intermittently unavailable while updates are taking place. Effective November 4, students will use the new EIPS login credentials to access the portal or app. Students who use the mobile app will be required to log out and back in after the updates are complete.

If students are having trouble logging in to PowerSchool after the change, they can contact their teacher, or a school office staff member for assistance. This update does **not** affect the log in process for parents or guardians for the PowerSchool Parent Portal.

Did you know Fort Saskatchewan Elementary is a “Nut Aware” School? Education and awareness are key to keeping children (and adults) with potentially life-threatening allergies safe and to this end, **FSE is a “Nut Aware” school.** We cannot be “Nut Free” because we cannot guarantee that nuts, or traces of nuts, are not ever being brought into our school. However, we ask that families be aware of what you are sending to school with your child and when possible, avoid foods that contain nuts or traces of nuts. Anaphylaxis is a serious allergic reaction that can be life threatening. If you have a child with any life-threatening condition you need to have a medical plan outlining the condition and the safety procedures required of school staff in the event of an emergency. Thank you for supporting our school community and helping us keep everyone safe!
